Community Update

Thank you! Thank you! Thank you!

A warm round of thanks to all of you who attended the Heatherwood Estates Homeowner's Association Open Meeting last Saturday. We had a good turnout and will hope for even more attendance in the future. Much thanks to those committee members and homeowners who helped facilitate the meeting and make it a success!

One of the most important issues discussed at the meeting was the challenge of communication. As you know, all committee members and homeowners who give their time and energy to the HOA do so on a voluntary basis. Sometimes it's hard to provide prompt notice of events, fundraising activities, etc. So to promote efficient communication, we are establishing a website. Mr. David Cole, of Tradonna Lane, has kindly volunteered to build and host the website. It should be up and running within a few days. The site will have links to information such as meeting minutes, financial statements, city and community news, and announcements. We will also utilize signage at the entrance to alert homeowners that new information is on the website and to communicate with those who might not have access to a computer. The website will also have an email address to which homeowners can send a message containing their own email address and begin to receive important announcements and reminders via email. Email can also be used as a valuable dialogue tool between all homeowners and the HOA committee. We truly expect this step to be a vital one in enhancing communication.

Finally, some new committee members were named and some existing committee members changed roles at the Open Meeting last Saturday. We want to thank all of you for your generosity in volunteering your time and talents. Let's all have a fantastic fall and wonderful Holiday season!

Upcoming Event(s)

Neighborhood Garage Sale Saturday, October 20th

If you were unable to participate in the last neighborhood garage sale, here is your chance! The last event was quite a success with participation from more than twenty households in the neighborhood.

We wish all of you the best of luck!
